Eugenia –

All drawings are from publicly available documents. Tierra obtained them thru an OPRA.

- The 1970 Site Plan - Plant Sewer System **came from NJDEP BNPC** (Bureau of Nonpoint Pollution Control of DWQ) as part of a Tierra OPRA.
- The Figure 1-3 Waste Site Map is from the Draft Endangerment Assessment Report for Ground Water; Givaudan Corporation, Delawanna Avenue Facility, Volume 1. Prepared for: Givaudan Corporation, Clifton, NJ. Prepared By: ERM --was obtained from **NJDEP Site Remediation** as part of a Tierra OPRA.

I assume these would have also been provided to USEPA through the 104(e) request.

Hello Paul,

You provided to us the following two figures that we reference in the RM 10.9 dioxin Investigation QAPP:

- 1970 Site Sewer System
- ERM Waste Site Location Map

I attached both figures, can you provide the sources of these figures? Thanks,

eugenia
